Zephyr Lock Extender Kits for Wood Door Applications 1 1/16" - 3/4"

Kits will work on Zephyr Lock Model #'s 1954, 1955, 1970, and 1971

All Zephyr Lock Extender Kits (Part # 1901) include the following:

- 1 Stack Extender
- 1 Plug Extender
- 1 Cam Extender
- 2 Stem Extenders

How to Install:

- 1) Insert Stack Extender first with marker facing away from Sub-Assembly
- 2) Insert Plug Extender into Stack Extender with marker facing away from Sub-Assembly
- 3) Insert Cam Extender over Stack Extender with marker facing away from Sub-Assembly
- 4) Screw both Stem Extenders onto threaded stems on Dial Assembly
- 5) Continue installation with normal Built-In Combination Lock instructions
